Yeti

The YETI Outdoor program is open to any Grade 10-12 student who is currently enrolled in a full course load at Prince Charles Secondary School. Mountain Biking, Nature Photography, Climbing, Camping, Paddling and a variety of outdoor certifications make this program a natural draw for our secondary learners in Creston.

The program presents elective courses that are worth 4 credits each. (per/100 hours of activity). Essentially, 4-6 weekend activities and activity prep are required to earn the four credits.

In order to fund the program, and maintain the goal of offering activities at no cost to students and families, students must be fully scheduled.
